

VALVES

INTRODUCTION

SINACO supplies 10 major series of products totaling 1,200 varieties and specifications of high temperature, high pressure, high wear resistant, and small to large diameter ball valves, gate valves, butterfly valves, plug valves, globe valves, check valves, ore slurry valves, power station valves, as well as nonstandard and special valves with auxiliary devices for petroleum, chemical industry, metallurgy, light industry, coal chemical industry, power station, urban construction, water supply, oil, gas and natural gas transportation, long transportation pipeline and other projects.

All our partners are ISO certified and equipped with API-6D, API-6A API607, API6FA certificates, CE certificate and Pressure Pipe Fittings Manufacturing License TS Safety certificate.

PRODUCT & SPECIFICATION

BALL VALVE

GATE VALVE

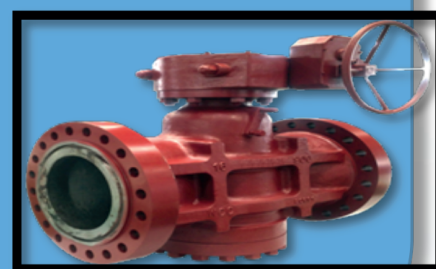

CHECK VALVE

GLOBE VALVE

BUTTERFLY VALVE

PLUG VALVE

Nominal Diameter	DN10 ~ 4500mm (1/2" ~ 64")
Nominal Pressure	1.6MPa ~ 42MPa (150Lb ~ 2500Lb)
Working Temperature	-196°C ~ 750°C
Valve Materials	Carbon steel, stainless steel, heat resistant alloy steel, Monel, cryogenic steel and other special types of steel.
Driving Mode	Manual, electric, pneumatic, gear transmission, worm gear and worm transmission, pneumatic and hydraulic combined, electric and hydraulic combined, and computer programmed control system.
